With the belief that the U.S. textile industry can produce a high quality all natural product, we introduced in 2002 our first 100% alpaca throw. Our throws are oversized, measuring 60" x 72" compared to standard throws measuring 50" x 60" and selling for more. Because of our expertise, we are able to spin and weave the fiber to produce our woven throws from 100 % alpaca. Each throw is handsomely whip stitched over an underlying reinforcing stitch, providing elegance and function. Each throw comes folded in a clear carrying case suitable for travel or storage.
